## We are Hiring!

### About the organization

The Urban Catalysts develops and delivers innovative, locally relevant, evidence-based solutions to catalyze sustainable and equitable transport, public spaces, urban planning and design. We are currently working in 10 Indian states, delivering consulting services to government organizations, non-government and development organizations through research, technical advisory and implementation support. Our clients also include development banks, international agencies and foundations.

The Urban Catalysts is a growing organization and is looking for self-motivated, experienced and agile individuals with a goal to transform our cities and public spaces towards equity and sustainability. We are looking for a Senior Manager – Integrated Urban Transport to join our growing practice. The candidate will be based in Delhi and have the following key competencies.

### Technical competencies

- 8-10 years' practical experience in planning for sustainable urban mobility;
- Pursue business opportunities, lead and prepare bids;
- Interest in gender-inclusive mobility and universal access.

### Personal competencies

- An entrepreneurial, agile mindset;
- Work independently, lead and manage teams;
- Excellent writing skills in English;
- Strong interpersonal and communication skills, with fluency in English and Hindi.

Interested applicants must submit a cover letter, CV, at least 2 writing samples and other relevant work samples to [adm.urbancatalyst@gmail.com](mailto:adm.urbancatalyst@gmail.com) with 'Senior Manager – Integrated Urban Transport' in the subject line. Only short-listed applicants will be contacted. The applications will be reviewed on a rolling basis.
