## We are Hiring!

### About the organization

Our mission is to transform transport and cities to mitigate and adapt to climate change, design participatory processes and create vibrant public spaces for all genders and universal access and to reconceptualize cities and transport. We have worked across 10 Indian states, South and Central Asia to deliver consulting services to government organizations, non-government and development organizations through research, technical advisory and implementation support.

We are looking for a **Senior Associate-Integrated Urban Transport** to join our growing practice. We are looking for a motivated individual, with on-ground experience of working with city and state governments, leading research and driving implementation on sustainable urban mobility. The candidate will be based in Delhi and have the following key competencies:

### Key competencies

- Master's degree in transport planning, urban planning, development studies, public policy or a relevant field;
- Full-time 5-7 years' relevant experience (after post-graduate education) in sustainable urban transport, parking management, gender responsive mobility;
- Work with minimal supervision, in a fast-paced environment, lead and manage teams;
- Strong writing, interpersonal and communication skills, with fluency in English and Hindi;
- Minimum commitment for 2-years.

**Remuneration:** Rs 10-12 lakhs per annum CTC.

Interested applicants must submit their CV, at least 2 writing samples and other relevant work samples to [adm.urbancatalyst@gmail.com](mailto:adm.urbancatalyst@gmail.com) with 'Senior Associate-Integrated Urban Transport' in the subject line. Only short-listed applicants will be contacted.
