About the National Institute of Urban Affairs (NIUA):

Established in 1976, the National Institute of Urban Affairs (NIUA) is a premier institute of the Ministry of Housing and Urban Affairs, Government of India, for research and capacity building for the urban sector in India. For more than 40 years now, NIUA has been the vanguard for contributing to and building the urban narrative for a fast-evolving urban India. The Institute has been actively working on bringing forth key areas of concern for urban India in order to build the urban discourse at various urban scales. It has utilised its competencies in research, knowledge management, policy advocacy and capacity building to address urban challenges and continuously striving to develop sustainable, inclusive and productive urban ecosystems in the country. It has emerged as a thought leader and knowledge hub for urban development in India and is sought after by both Indian and international organisations for collaborations and partnerships in India’s urban transforming journey. NIUA is committed towards aligning its efforts towards achieving Sustainable Development Goals (SDGs) through all its initiatives and programmes. Read more about NIUA at niua.in

About the Sanitation Capacity Building Platform (SCBP):

Sanitation Capacity Building Platform (SCBP) provides Technical Assistance and Capacity Building, Research and Advocacy input to various stakeholders engaged in decentralized urban sanitation solutions in India. The Platform is funded by the Bill and Melinda Gates Foundation (BMGF) and during first phase of the program from 2015-19, SCBP supported Faecal Sludge and Septage Management (FSSM) capacity building in partnership with credible professional development agencies, nodal training institutes and academic institutions. From 2023 onwards, the mandate of SCBP is growing toward developing actionable training content, innovative learning material, and rolling out courses on urban sanitation for different key stakeholders. This will be achieved by engaging and developing strategic partnerships at national and international levels. In addition to this, the program will also provide support to the state of Uttarakhand and the India Himalayan Region (IHR) for Faecal Sludge and Septage Management (FSSM) and City Wide Inclusive Sanitation (CWIS) on policy advisory, capacity building and technical support for treatment of faecal sludge and septage. The roles may extend to providing support to states directorate in rolling out Central Schemes and Missions pertaining to Water and Sanitation within the discourse of inclusivity, equity and climate resilience through innovative technologies, affordable citywide solutions and implementation strategies.

More details about the project can be availed on our website: scbp.niua.org

Responsibilities: Would include but not limited to:

- Support in content development - training modules, learning materials and innovative content under the Training Module Review Committee (TMRC).
- Develop strategy and promote advocacy towards inclusive and resilient water and sanitation at city/state level.
- Engagement with agencies for the creation of e-modules, online courses and the development of innovative learning content.
- Engagement with NFSSMA partners, Hill Forum Partners, training/research institutes, government agencies and academia for taking forward the capacity-building agenda.
- Planning and organizing learning events and conferences.
- Managing partnerships with training/research institutes, government agencies and academia.
- Content and knowledge created to be contributed to Hill Forum (Parvat Manthan) activities, dedicating a minimum of 50% of work hours.

The position shall report to the Senior Programme Manager.

Qualifications:

- Master's degree in Urban Planning/Governance/Civil/Environmental Engineering or any other related field

Knowledge and Experience:

- At least 4 years of relevant work experience in the area of urban water and sanitation.
- The candidate should be well versed in providing insight on inclusive and resilient water and sanitation at the city/state level. Strong conceptual and analytical skills in undertaking research, documentation, and producing learning materials and reports will be an asset.
- Substantial professional experience in planning and rolling out capacity-building activities/learning events is highly desirable.

Technical Proficiency and Skills:

- Ability to work in a large team and produce desirable outputs. Knowledge of MS Office programs – Word, PowerPoint and Excel is essential.

Written and Verbal Communication: Excellent written and verbal communication skills in English. Knowledge of Hindi language is preferable.

Number of Position(s): 1

Location: The position would be based at the NIUA office in New Delhi; with travel to the project area and partner locations as required.

Remuneration: Remuneration will be at par with NIUA and industry standards, depending on experience and skills. Proof of immediate past remuneration would be required at the time of offer.

Application process:

- Candidates may apply using the 'Apply now' tab provided on the website itself.

- Application should contain detailed CV and a cover letter clearly stating the relevant experience and suitability for the position applied.
- Applicants are requested to provide the names and contact information (preferably phone and email) of two referees in the appropriate section or in the cover letter. The referees should be senior academicians or professionals of the same or related field, and should have known the applicant directly, to be able to testify about the abilities of the applicant.
- Applications should be sent on Wednesday, September 20, 2023 on the website itself, using the 'Apply Now' icon.
- Exact criteria for qualifications/experience may be relaxed for exceptional candidates.
- Only suitable candidates who are shortlisted will be contacted for the interviews. The decision of selection lies with NIUA.
- Candidates appearing for interviews should bring necessary portfolios, publications, writing samples, reference letters, etc. with them as is relevant to the position.
- The interviews will be held at office of NIUA, Core 4-B, India Habitat Centre, Lodhi Road, New Delhi and shortlisted candidates will be informed of the date and time.
- Originals of certificates, degrees etc. would be needed to be verified only at the time of offer.

Terms of hiring:

- The positions would be offered on a contractual basis for a period of one year initially and extendable for the full duration of project, on satisfactory performance. During the same, the appointed candidates maybe assigned other work related to SCBP or other projects as felt required within the organization.

Last Date of Application: Wednesday, September 20, 2023
