<b>PROJECT</b>	Sanitation Capacity Building Platform (SCBP)
<b>FUNCTIONAL TITLE</b>	Senior Program Officer
<b>NO. OF POSTS</b>	One
<b>TOTAL EXPERIENCE</b>	5 - 8 years
<b>DUTY STATION</b>	Dehradun, Uttarakhand

**About the National Institute of Urban Affairs (NIUA):**

Established in 1976, the National Institute of Urban Affairs (NIUA) is a premier institute of the Ministry of Housing and Urban Affairs, Government of India, for research and capacity building for the urban sector in India. For more than 40 years now, NIUA has been the vanguard for contributing to and building the urban narrative for a fast-evolving urban India. The Institute has been actively working on bringing forth key areas of concern for urban India in order to build the urban discourse at various urban scales. It has utilised its competencies in research, knowledge management, policy advocacy and capacity building to address urban challenges and continuously striving to develop sustainable, inclusive and productive urban ecosystems in the country. It has emerged as a thought leader and knowledge hub for urban development in India and is sought after by both Indian and international organisations for collaborations and partnerships in India’s urban transforming journey. NIUA is committed towards aligning its efforts towards achieving Sustainable Development Goals (SDGs) through all its initiatives and programmes. Read more about NIUA at [niua.in](http://niua.in)

**About the Sanitation Capacity Building Platform (SCBP):**

Sanitation Capacity Building Platform (SCBP) provides Technical Assistance and Capacity Building, Research and Advocacy input to various stakeholders engaged in decentralized urban sanitation solutions in India. The Platform is funded by the Bill and Melinda Gates Foundation (BMGF) and during first phase of the program from 2015-19, SCBP supported Faecal Sludge and Septage Management (FSSM) capacity building in partnership with credible professional development agencies, nodal training institutes and academic institutions. From 2023 onwards, the mandate of SCBP is growing toward developing actionable training content, innovative learning material, and rolling out courses on urban sanitation for different key stakeholders. This will be achieved by engaging and developing strategic partnerships at national and international levels. In addition to this, the program will also provide support to the state of Uttarakhand and the India Himalayan Region (IHR) for Faecal Sludge and Septage Management (FSSM) and City Wide Inclusive Sanitation (CWIS) on policy advisory, capacity building and technical support for treatment of faecal sludge and septage. The roles may extend to providing support to states directorate in rolling out Central Schemes and Missions pertaining to Water and Sanitation within the discourse of inclusivity, equity and climate resilience through innovative technologies, affordable citywide solutions and implementation strategies.
