

COMMUNITY DESIGN AGENCY - JOB OPENING

POSITION:

ABOUT:

Architecture and design are more than just buildings. In an ideal world, they create healthy, safe, and vibrant spaces — the foundation of fulfilled lives and thriving communities. Community Design Agency (CDA) is a social enterprise working alongside marginalized communities to transform their built environment. We believe that architecture and design facilitate equity, justice, and inclusion, and this is particularly true for those on the margins. Thus, we collaborate closely with marginalized communities, with those residing in inadequate built environments, and strive to strengthen social cohesion, create safer spaces, and enhance climate resilience in their neighborhoods.
